## Eligibility

As an active member of the State Employees' Retirement System, you may be credited with service performed with Grand Valley State University, Michigan State University, Oakland University, Saginaw Valley State University, University of Michigan, or Wayne State University. The service may be granted or purchased, depending on the dates of your employment with the university.

## Conditions

- You may use university service to satisfy the vesting requirements.
- Your former employer(s) must certify your service.
- If at any point in time you accumulated enough service credit to qualify for a pension based on this service, you cannot purchase the service unless you have relinquished all rights to the pension benefit. Distributions, transfers, or refunds are not considered a relinquishment.
- If you are eligible to receive a benefit with TIAA-CREF based on this service you cannot purchase the service.
- No partial credit can be granted. Any purchase or transfer must be for all of your prior eligible university service, or none can be credited.
- Because only one year of service credit can be earned in any calendar year, you cannot receive credit for any university service you earned while also working full-time for the state of Michigan.
- To purchase service credit you must be an active contributing member of the Defined Benefit plan.

- If you are retiring or leaving state employment, payment must be made in full before terminating.

## Cost

If you began working for one of the above universities *after July 1, 1974*, there is no charge for the service credit.

If you worked for one of the universities *before July 1, 1974*, you may receive credit for your service by paying the contributions you would have made to the retirement system if you had been a State Employees' Retirement System member, plus interest. The contributions are based on the wages you earned while employed by the university.

## Application Process

1. Upon completing Section I, forward this form to the employing university (see University Addresses below). Section II must be completed by the employer or employer's custodian of records. Section III must be completed by the official custodian of retirement records.
2. ORS will review your application and, if you are eligible, send you a *Member Billing Statement* along with information on payment options. This statement lists the amount of service you are eligible to purchase, the cost, and the due date. Although it is called a billing statement, you're not obligated to buy this credit.
3. To complete the purchase, follow the instructions on the billing statement.
